Re: Finsbury Health Centre, EC1

This is a request under the Freedom of Information Act.

Could you please supply me with:

- 2) Any correspondence with English Heritage and either Camden and Islington Community Solutions Ltd or Community Primary Care Solutions regarding these reports and the proposed sale, whether on paper or by email;
- 3) The most recent costings undertaken regarding the upgrading and refurbishment of the Finsbury Health Centre, with details of how the £1.5 million figure total and £500,000 'extra because of the listed building status' was arrived at;
- 4) Costings for the current plan to sell FHC, buy the land next door and build a new GP office and move the other services out of FHC;
- 5) How much has been spent on the two recent studies of the building;
- 6) A statement about what happened to the LIFT monies which had been ear-marked for refurbishing the Finsbury Health Centre;
- 7) Minutes of the meeting when the decision to sell FHC was made, and any other meetings of Camden and Islington PCT, Islington PCT, CICS or CPCS regarding the future of the FHC building over the last 10 years.
- 8) Records of any change of ownership or moves towards a change of ownership for both FHC and the Pine Street Centre since 1980;
- 9) Any agreements governing the transfer of the FHC land from the Northampton Estate to Finsbury Borough Council, and then to the National Health Service;
- 10) The terms under which the Primary Care Trust, Camden and Islington Community Solutions Ltd or Community Primary Care Solutions or any of their agents is empowered to sell or transfer this land.

I would be grateful if you could supply this information in the form of photocopies.
